SIRIL C ANTONY .

Btech Graduate

As a recent computer engineering graduate, I offer strong coding skills and a commitment to innovation. Eager to contribute to a tech team, I thrive in fast-paced environments. Ready to bring a fresh perspective to drive impactful solutions

EDUCATION

B.Tech
Sahrdaya College of Engineering & Technology

08/2019 - 06/2023   *GPA:8.38*

Course
- Computer Science and Engineering

12th Grade / CBSE
S.N Vidya Bhavan Senior Secondary School

06/2018 - 04/2019   *CGPA : 8.48*

Courses
- Computer Science

PERSONAL PROJECTS

MERN-based AI-Enhanced Text-to-Image Full Stack Project (12/2023) ⬈
- Developed a full-stack application using React for the front end and Express for the back end, integrated with MongoDB for data storage.
- Successfully incorporated Replicate's AI text-to-image API into the system.
- Enabled seamless conversion of text to images for users.
- Achieved impressive image processing speed with the API, completing the task in just 13 seconds.

Interactive Movie Catalog: React and Firebase Integration (09/2023) ⬈
- Developed Interactive movie catalog using React.js and Firebase.
- Integrated live data from TMDb via API calls for real-time updates.
- Proficient in front-end design, ensuring an engaging user interface.
- Utilized Firebase storage for efficient and secure data handling.

Hand Gesture Controller - Final Year Project (11/2023 - 06/2023)
- Engineered a cutting-edge Hand Gesture Controller system for final year BTech project.
- Utilized computer vision technologies for recognizing and interpreting hand gestures.
- Enabled intuitive and hands-free interaction with electronic devices.
- Demonstrated innovation in human-computer interaction through gesture recognition.

SKILLS

Python · Javascript · React JS · Node JS · Express JS · MongoDB · HTML · CSS · Tailwind · Git · SQL · C

CERTIFICATES

The Complete Python Programming Course - udemy (10/2022)

LANGUAGES

English
Full Professional Proficiency

Malayalam
Native or Bilingual Proficiency

INTERESTS

Coding/Programming Projects · UI/UX Design · Gaming · 3D Printing and Prototyping · Competitive Coding · Photography and Videography
